*The estimates are based on historical results. Individual results may vary based on your ability to save sufficient funds to complete a debt resolution agreement, the creditors in your individual portfolio, and amount of debt enrolled. We cannot guarantee that your debt balances will be lowered by a specific amount or that you will be debt-free within a specific time period. Any use of "debt free" only applies to accounts that are successfully enrolled and upon program completion. While programs work aggressively to reduce your debt balances, creditors are under no contractual obligation to accept settlement offers from our service providers. We do not assume consumer debt, make monthly payments to creditors or provide tax, bankruptcy, accounting or legal advice and we do not provide credit repair services. Read and understand all program materials prior to enrollment.
